Subject: RE: citizen complaint - Gunshy Manor in Redmond (UNCLASSIFIED)

Classification: UNCLASSIFIED
Caveats: NONE

Hi Chan and Krista,
Joe Brock will be the contact point for this action, as I will be leaving the Corps in the next few weeks.

I want to avoid having messages lost in the black hole of old email addresses, so until the position is backfilled, Matt Bennett will be assigning projects in the "North King County" area to other regulatory project managers. Although I'll let you know that Matt will be out for much of June (Kathy Kunz will be covering for him), and I hear Jonathan Smith will be coming out of retirement to cover my projects for a couple months.

As always, you can contact the Regulatory Branch main line at 206-764-3995, and our admin staff will help you find someone.

Best,
Stephanie
